Dear Mr. Razavi:

The County Judge received the Public Information Act request below on August 2, 2016. Attached please find the six documents the County Judge provided which may be responsive to your request.

Please note I have redacted private email addresses as authorized under Texas Government Code section 552.137 and AG ORD # 684 (2009). In the few cases where the email address was not immediately preceded by the name of the person, I have written in the name so it is clear who was party to the email .

Holly C. Lytle  
Assistant County Attorney
